

## **The Foot Project**

The Social Justice Committee, consisting of members from the STA and SAAS, have joined efforts to help our students in need of footwear and socks during these cold winter months.

Many of our students and their families have come from countries with weather conditions very different from Syracuse. Some wear sandals with thin socks and do not own boots.

*We would like to help these families and need YOU!*

Please consider donating your gently used boots, shoes, sneakers and socks. We need all sizes for males and females. There will be 3 locations to drop off:

- STA
- Central Office
- Teacher Center

Thank you for your support!

The Social Justice Committee of STA and SAAS
